ahead on the right nutrition. The steers are showing plenty of muscle and shape with them being sired by Black Diamond Speckle Park bulls and out of quality commercial Angus cows. These steers would suit either a long term grain-fed job to be grown out to bullocks or are still soft enough to be finish on grass well There was 3 steers noted as having slight old pink eye scarring at assessment. There is another 2 lots to be offered from the same farm in this sale.
