Assessor Comments	A nice line of vendor bred Limousin feeder steers that present in forward condition and are ready to bounce ahead on the right nutrition. The steers are showing plenty of muscle and shape with them being sired by Macorna Limousin bulls and out of stud and commercial Limousin cows. These steers would suit either a long term grain-fed job to be grown out to bullocks. There was 2 steers noted as having slight old pink eye scarring at assessment and there is 10 steers that are black coated in colour with the remaining steers being apricot colour. There is another 2 lots to be offered from the same
