Cows were extremely quiet and good to handle, 1 cow got slightly stirry towards the very end but was certainly fine mostly

Handled With: Bikes , Vehicles

Assessor Comments: Brookside offers line of 26 large Angus cows with calves at foot. These quality cows are Banquet/Anvil/Temania bloodlines that are large frame weighing av 750kg. Cows are 4-7 yr old still all very sound and in their prime. Calves are Feb/Mar drop by Sprys Angus bulls and 6 heifer calves are by AI. All calves are marked, vaccinated and management tagged. They were purchased 2 yrs ago on A+ off breeders and he was very selective with frame and size of cows. They present very well and were good to handle.They are quality outfits that dont normally see often on the market but only being sold due to property sale. 1 cow had white on udder. 1 calf had sore eye but has been treated twice and will be ok. Note vendor has another lot of 15 younger cows and calves. 1 cows end of toenail was breaking off. We treated her and know in couple days will be fine but if lame at trucking will be pulled out.
