Assessor Comments	A rare opportunity to purchase heifers & calves straight from the heart of The Glen Angus commercial Autumn program. These heifers are only being offered due to the tough season in the Upper Murray otherwise would be retained within the herd. They are large framed deep body heifers that are sired by The Glen Angus bulls, which were also used in The Glen's Stud program and were sired by Pathfinder Genesis G357. They present in forward store condition with plenty of milk and are doing and excellent job on their fresh calves at foot. They would be ideal to take home and join to a bull of choice and would be an asset to any breeding program. Buy with confidence. Please note vendor has another lot of cows & calves in this sale.
