Assessor Comments	An opportunity here to obtain a good line of well bred Angus Heifers. These heifers are by the "Innesdale" Angus bull. They are well and truly weaned being weaned back in July. Up to date with all vaccinations. These heifers handled well in the yards and weren't a problem during assessment. A bit rough in the coat coming out of a cold wet winter but will turn around and bounce away with the warm weather and spring feed only around the corner. Versatile heifers with shape to either grow out and fatten, or heifers with breeding to join later on and use as future breeders.
