Assessor Comments	A good line of Predominately Shorthorn unweaned heifers. A group of well-bodied females that should grow out to make future breeders. During assessment, weaners flowed well through the yards with a quiet temperament. These weaners are out of moderate to large-framed Shorthorn, Shorthorn/Hereford and Hereford cows by Turanville and Leeds Shorthorn bulls. Alternatively, these weaners could be put onto winter crop and be carried out to a feedlot heifer weight or a quality kill carcass. NOTE: Vendor has multiple lots in sale. Unweaned heifers of similar breeding and location are also presented in sale under D M Kempton.
