Assessor Comments	**FUTURE BREEDERS/BACKGROUNDERS LOOK ON** A quality line of 85 Angus X Angus Heifers (3 decks). Cattle averaged 301kg at assessment; all individually weighed 270 - 345kg. Heifers present in store, to forward store condition. These heifers have plenty of frame and stretch, whilst maintaining great feminine characteristics. Cattle were purchased ex Southern NSW & VIC as weaners and have performed well over the past 4 months. These heifers are "on the do" and would suit anyone looking for future breeders, as well as those looking to take advantage of the season in the North with

	cattle ready to grow out and on-sell. These heifers have had NO access to any bulls or stags. An opportunity presents itself here to buy a quality line of Angus Hfrs! (Note: Very odd heifer with a slight old blue eye scarring, not considered detrimental)
