Assessor Comments
A good to very good quality line of first calf heifers. PTIC by a vet. Black heifers were joined to Rennylea Angus & U8J bulls. Composite heifers were joined to Rosevale Santa Gertrudis U634. They are mostly medium to large frame. A majority of these heifers are vendor bred and are sired by Mooroobie, Nairn Park Angus & red composite bulls selected on IMF & 600 day growth. Three heifers were purchased as calves off AuctionsPlus in Feb 2024. All heifers were PTIC 10/04/25. A list of EID vs weeks in calf is available on buyers request, as well as preg test certificate. Heifers have received two shots of 5 in 1 and have had Y-Tex Agressor Fly Tags in since January. Vendor is only selling as they are due to calve outside of their preferred calving window. Please note VID #6899 that is shown in photos/video has been removed from assessment.
