Notable Traits

	Traits
1 Head	Blue scarring on one eye
3 Head	White spot on udder

Assessor Comments A very quiet line of well bred Angus heifers PTIC to a smaller frame Angus bull. Heifers are well grown for age and bred out of Karoo blood Angus cows by MOOGINELLA Angus bull. Vendors would like to have retained the whole 25 heifers purchased however their property size only allows for half to be retained to calve down. A great opportunity to purchase a quiet, well bred line of heifers due to calve over a tight 3 week period.
