Assessor Comments	Restockers, here is a great opportunity to purchase an even line of Station mated Charolia cross cows and calves in there prime. Cows are doing an exception job on there 2nd calves at foot showing plenty of milk and mothering ability. These cows have been running back with a Santa Gertrudis bull since calving and was taken out at assessment. All calves are by a Simental bull except 2 which are by the santa bull that was used as a clean up bull. Highly recommended for any cattle traders or breeders. Great addition to any herd.
