Assessor Comments	These Poll Hereford cows are coming up to their second calf. They are tops of their drop and are only being sold due to the tightening seasonal conditions. They are Allendale Ravensdale and Wirruna blood. Their temperament is excellent and will do a fantastic job for anyone with the feed to keep them going. They had calves weaned off them on 6/4 and were drenched and put onto a sorghum crop which is now failing. They all in good strong condition. The vendor has one other lot of 11 rising 4 year old cows in this sale.
