| Assessor Comments  | A lovely line of Angus heifers, These heifers show good conformation, bone and structure. They are out of Bushy Park Angus cows sired by Pathfinder Angus Bulls, they have been joined to a LBW Prime Angus Bull. Due to commence calving mid - late February for 8 weeks (certificate available) This is a wonderful opportunity to secure a quality line of Angus heifers to become part of an Autumn calving operation, or an excellent start to a new one. Please note one heifer appeared to have a white splash near udder, and 1 heifer with a cloudy eye not deemed detrimental. |
