Assessor Comments	The heifers presented are the remaining females that had been passed in from the Stud Dispersal sale back in December 2021. The heifers are all registered, The heifers can all be still viewed on Australian Limousin Breeders Society website by just putting in the animal identifiers which can be viewed on docs link under pictures. Heifers have been joined to Birubi Neville (MATPN74) a Black Homo Polled bull. Heifers to commence calving early February. The first Limousin calves were registered in 1973 for Glenola Limousins, The breeding focus of Glenola Limousin Stud has been to produce sound Limousin bulls & Females for the local commercial breeders with a strong emphasis on medium frame size, early maturing types with muscling and softness. Fantastic article, buy the best.
