The slightly stirry heifers were unsettled in the race/crush & ran away from the crush when released but did settle once in the mob. Heifers behaved very well for 1st time off the cow & handled through race & crush. Would expect to be to good handled at delivery after being put through yards twice a day until delivery,

Assessor Comments Buyers an opportunity to buy very good quality weaned heifers that future breeders can be selected out of. Could also be put on oats & take through to trade or heavy feeder weights, also be grown out to yearling heifers to suit a grass slaughter program. These heifers have great weight for age & showed great temperament for the first time being handled off mum. Vendor has 21 steers same sale.
