Assessor Comments	11x11 NSM Heifers & Calves Acc. JH McInnes "Churinga" - Heifers present in forward store condition, are carrying plenty of milk & doing a wonderful job on their calves at foot! Purchased as classed in breeders ex. Auctionsplus Spring 2021 from renowned commercial producers "Eulunda Livestock", Mulangandra & "JG & V Bond", Tooma. The heifers above comprise of top performance genetics including Rennyalea, Booramooka & Crosby Angus blood & would be seen a welcomed inclusion into most spring calving operations. Calves at foot are sired by Jarabee LBW sires. Please note that a small percentage of calves have had scours but since have been treated & will see significant upside in the prosperous spring ahead - refer media.
