Assessor Comments	Buyers on offer is a fantastic line of lightweight store condition heifers ready to power ahead. These heifers are out of a very good cow herd by top quality Charolais & Angus Bulls. They had been running on some very light country at Cecil Plains and given the opportunity on quality feed are expected to explode. They are in the ideal condition to go onto Oats to grow out to feeder markets. They show exceptional muscle and shape and will grow into fantastic feeders. They are soft enough to suit all domestic markets or would grow into heavy export heifers. This is a great opportunity to purchase lightweight store condition cattle that are very hard to come by. The weaners are noted performers and are sure to impress buyers. Please note the vendor also has 23 Steers in the same sale.
