Assessor Comments	An excellent line of Angus Heifers, PTIC to commence 1st Feb for 6 weeks to proven LBW easy calving Crawford Angus. These heifers have ideal frame to be suitable mothers.Heifers starting to soften and showing calf.Note, there is the odd heifer with white belly, behind the navel. Odd blue eye scarring and wart, otherwise all heifers sound and ideal condition to maintain for calving. These heifers were purchased ex Vic Weaner sales 2022, from Mortlake and Casterton Blue Ribbon sales specifically to tightly join and trade. Previous buyers of earlier joined heifers have had successful calving with the same bulls. All treatments up to date. The works been done buy with confidence.
