Assessor Comments	Pesti tested negative. Poll/Scur. A powerful young growthy bull with good bone that will add frame and muscle to his progeny. Grass fed without supplements all his life, this bull shows what the breed can do in a truly commercial setting. He is free moving with excellent feet and well muscled with good length, capacity and depth and a strong sire's head. Tidy underneath and clean sheathed with a large scrotal circumference. He is extremely docile with an outstanding temperament and very easy to handle in paddock, yards and crush. He is out of a highly productive and fertile cow that is still producing excellent calves every year at 12 years old and his sire LRX HP Rocket has been producing show winners including Ekka 2022 Supreme Exhibit and Grand Champion, 2021 Miss Asia/Africa gold and Miss World silver. This bull will be an asset to any commercial beef operation.
