Assessor Comments	A very attractive line of August/ September '24 drop EU accredited heifers from a long-term Team Te Mania herd. All weighed into a tight weight range to average 264kg full (225-311kg) at assessment. They present in strong store condition and will continue to develop into excellent future breeders. The females in this herd display all the desirable attributes of the Team Te Mania program - being long bodied, highly functional cows that tick all the right boxes. All heifers are considered very quiet & easy to handle in the yards & crush. The Stewart cattle have a very good feedlot reputation for performance and marbling making these heifers highly desirable for either a high-end Angus or Wagyu program. Vendor also offering 124 steers in this sale.
