Assessor Comments	On offer are a very good group of vendor bred, Bongongo blood Angus heifers which will grow into excellent breeders, or alternatively, quality feeder or trade weight heifers. Despite a long-wet winter, the heifer calves display plenty of growth and maturity for their age and feature the following: * March/April '22 drop * 307kg live weight at assessment * Low weight 250kg; high weight 396kg * No eye issues * Will remain unweaned until delivery * Heifers are scanned and ready for NLIS transfer. Please note: there are 13 unweaned steers from the same vendor in this sale.
