	Steers had come round for a second time to be weighed and were showing signs of impatience being weighed again. Steers were quick to move about but under competent cattle handling were easy to move through the yards.

Assessor Comments	A very smart line of coolac cattle co vendor bred Angus steers. Late drop steers that are really on the do. The "Cooininee" cattle herd are outstanding commercial cattle using top Rennylea & Temania bulls in the top 5% for IMF and top 10% for		

growth. The steers show good length depth and type. Real performance cattle that are highly sought after. Joined to low birth weight bulls. Four steers noticed with small pink eye scar But can see fine out of both eyes.
