Assessor Comments	Very good line of Angus Heifers all weighed between 275kgs - 366kgs, and avg 304kgs at assessment. These heifers have plenty of frame with not alot of fat cover, but I believe will be suitable as backgrounders, to take forward to hit feeder markets, or to join later on. Please note approx 10% of mob have very light ring worm/missing hair, 3 heifers have old pink eye scarring and 2 heifers with small groups of warts.
