Assessor Comments	The E J Merriman Cattle are noted performers for growth rates and these heifers are no exception. Top genetics are used from Onslow and Hazeldean studs with a focus on weight for age, milk and marbling. Bred out of a large frame herd. These Heifers will grow out to be top matrons in any herd. They are eligible for grass fed markets and vendor is happy to sign all relevant documentation. Vendor is also JBS farm assured. Very slight ringworm and warts were found on heifers. Please see photo of worse heifer.
