Assessor Comments	A quality run of light weight weaner steers with plenty of potential. These steers were bred on a very light forest block and are renowned to perform where ever they go. They are all sired by quality Charolais Bulls from Kandanga Valley, Angus Bulls from Tex Angus and Droughtmaster Bulls from High Country. They are bred out of a line of Droughtmaster X and Angus X cows. The steers have great temperaments and worked well through the yards. A line of quality steers that will suit most feeder or grass fed bullock jobs later on.
