Assessor Comments Very well bred line of vendor bred Hereford steers under 350kg full to average 312kg full (287-339kg) . Steers generally

grown out to fatten and kill on the Greenhams Never ever program - grass feed, antibiotic free. Steers have endured an overly wet winter and will flourish given the time. Steers good to handle in the yards. With genetics from Tobruk, Quamby Plains, Dalkeith, Yavenvale & Bendoc Park bloodlines. Can help with cartage to Wagga areas with weekly market trucks at buyers expense. Please note; Another lot same vendors heavier steers also in this sale.
