Assessor Comments	Excellent line of NSM Future Breeder Angus & Hicks Beef Composite Heifers Account Takajo Pastoral Co "Woodleigh". The vendor has been selecting leading high indexing Angus & Hicks Beef Composite sires for their herd, with a focus on Growth, Milk, Temperament & Fertility. These heifers will mature into highly productive breeders which will offer great genetic gain for the purchaser running a self-replacing herd. As potential breeders these heifers tick all the boxes, however the vendors cattle have a history of performing exceptionally well on feed and would suit any backgrounding or finishing program. Buyers please note four composite heifers were noted with white on their bellies. Heifers are surplus to the vendor's requirements and are being offered to the market, these are not culls. Buyers this is a not to be missed opportunity to purchase quality genetics that would be an asset to any breeding operation. Cattle come highly recommended by assessor!
