Handled With	Steers handled well at assessment and are good cattle to handle. Their behaviour is general to steers that have been weaned for 5 weeks. Temperament not seen as an issue. Bikes , Dogs
Assessor Comments	An excellent line of young steers that are on the move and are starting to really clean up in the coat. Steers were weaned 5 weeks ago and have the potential to grow out well with plenty of shape, bone and style from the "Wollumbi" cow herd that is Hazeldean based. Steers come with assessors highest recommendation! A rare opportunity to purchase a quality line of steers at this weight and put away that have all the boxes ticked. Grass-fed and Antibiotic free. Tops of the drop are always worth another bid.
