	The steers were generally good to handle in the yards, some moving a little faster than others when filming them but they would stop and block up well. In the weigh box 11 steers moved back and forth and exited faster than the rest.

Assessor Comments	A good run of Angus steers with some breeding behind them. These steers are well grown and on the do after a wet winter / spring. The steers are out of Rennylea / Dunoon blood cows and are by Dunoon and Ardrossan bulls. They were a little unsettled when we first started filming them, but they did settle and do block up well. Some steers showing a small % of old ringworm. 2 steers had a little white on the udder. One steer has a very old pinkeye scar in one eye, one steers has old pinkeye scars in both eyes - please see photos. These steers are Greenham Never Ever grass fed accredited. The vendor has another lot of 23 angus heifers in this sale.
