Assessor Comments	11 Weaned Angus steers, vendor bred, grass only and antibiotic free.out of well bred med-large frame Jarobee angus blood cows sired by Myanga Angus - Infinite. October - November drop steers have been weaned 8 weeks and looked after well through a hard local season and are ready to leap forward given quality feed in front of them. Cattle would normally be kept through the spring to feeder weights but are offered for sale as paddock has been sold. Temperament is a real feature of these cattle with time being spent on handling during and post weaning.Well bred quiet steers to take on to any desired market.
