Assessor Comments	These EU Accredited Team Te Mania Angus steers were bred at Casterton and sent to Holbrook to escape the tough western district winter. Although these are only light, and are inevitably the younger steers in the drop, they are still performing currently averaging 1.51kg/day since last weighing on 20th of October. This lot averaged 304kg full (258-318kg) at assessment with a tail end removed. Worthing East are an ACR recorded Team Te Mania herd, with top Te Mania AI

and lease Bulls used annually, focusing on high growth and marbling (IMF). These steers would be ideal to continue on grass to target high end feedlots or grassfed markets. Please note, three head observed with an old eye scar. Vendor also has a heavier line of steers in this sale for a total of 113 steers being offered.
