Temperament	Yards	Crush	Paddock
	Quiet: 12 head Slightly Stirry: 1 head	Quiet: 12 head Slightly Stirry: 1 head	Temperament not assessed in Paddock
	Well behaved heifers that worked well through the yards and race and stood on the scales with a minimum of fuss. The odd heifer was keen to get back with her mates when separated but temperament is a credit to the vendor. Particular attention is paid to docility & culling for temperament in the breeding program.		
Handled With	Bikes , Dogs		
Assessor Comments	Older lead draft of 13 heifers of the vendors two lots in this same sale. Future breeders out of registered females that would normally be retained but vendor is reducing herd numbers. Heifers have frame but are not carrying too much condition having come through a cold, wet winter and are still running in very wet paddocks. There are 7 x Apricots & 6 x Black Heifers in the draft. Please note that there is a freemartin in this draft and if purchased by a breeder she will be left out. 1 heifer noted as assessment with a slight blue eye but still had full sight. Attractive line of purebred Limousin heifers that do not come on the market very often.
