	Well behaved heifers that worked well through the yards and race and stood on the scales with a minimum of fuss. The odd heifer was keen to get back with her mates when separated but temperament is a credit to the vendor. Particular attention is paid to docility & culling for temperament in the breeding program.		
Handled With	Bikes , Dogs		
Assessor Comments	Second draft of 10 heifers of the vendors two lots in this same sale. The majority of these future breeders are out of registered females that would normally be retained but vendor is reducing herd numbers. Heifers have frame but are not carrying too much condition having come through a cold, wet winter and are still running in very wet paddocks. There are 7 x Black & 2 x Apricot & 1 x Blue Roan Heifer in the draft. Attractive line of Limousin heifers that do not come on the market very often. A chance to put together 23 heifers off the one breeder that would not normally be sold.
