	Quiet: 12 head	Quiet: 10 head Slightly Stirry: 2 head	Temperament not assessed in Paddock
	Heifers that have a quiet temperament and were easy to run through the race and weigh. Stood on scales with a minimum of fuss in a very substandard facility but had no issues handling them.		
Handled With	Bikes		
Assessor Comments	3 Year Old Heifers that are an ideal article to do a quick fattening job for a quick turnaround or as proven, quiet breeders stick a bull with them and have a well grown female to calve down instead of a unproven young heifer. Will not take a lot to get to killable condition. Heifers had calves weaned off them a few months ago and have freshened up well and have cleaned up underneath since then. No bulls on the property. Quiet females that are easy to handle and run over the scales. Were weighed in a substandard set of yards with no ability to mouth them. There are a few old pinkeye scars but still have full sight. Please note photos & video is of 16 head, there has been 4 head removed since then.
