Assessor Comments	Yurunga farms offers 19 Friesian steers averaging 241kg. These cattle are very well reared and well weaned onto proper ration. They are bred out of big friesian cows by AI Friesian bulls. There is about 6 older steers in the mob with bit more weight than the balance. They are good boned steers and renowned for doing well. Note there is 1 black steer an another with sign of having some cross in them. 1 steer had pinkeye and was properly treated a week ago and still has a patch on eye. Good quiet cattle to tip out for next spring.
