Assessor Comments: Here's a line of well bred calves to put away and and watch them grow into money. Plenty of breeding, growth and as quiet as you will find perfect for anyone wanting well bred weaners at low $ per head. Purchased as cows and calves out of Kingston SE SA and have been confinement fed since the end of April with their mothers. Calves will remain on the cows until delivery. I believe these calves will wean easily and go ahead given the right opportunity with a little TLC. Calves can be weaned prior to delivery at a daily fee to the purchaser if required.
