Temperament	Yards	Crush	Paddock
	Quiet: 12 head Slightly Stirry: 3 head	Quiet: 12 head Slightly Stirry: 3 head	Temperament not assessed in Paddock
	Majority of steers were easy to handle and process, with some becoming impatient and nervous under pressure in the crush. Steers soon settled once back in the mob. Typical of weaners, a basic settling in period would be beneficial.

These steers present in store condition, and have been fully weaned and handled, therefore offering quick compensatory growth once arriving in their new environment. Steers stand on plenty of bone and are all frame. Previous brothers have performed exceptionally well for previous feeder and bullock growers, making them ideal to put away on grass or a crop.
