Heifers were well behaved at assessment for cattle that haven't had much time in the yards due to a very wet winter & spring. Some heifers were pushy in the race but fine in the crush and wouldn't take much for them to get use to a race with

Assessor Comments	28 Rennylea, Ardrossan & The Glen Bld Angus 14-15 mth heifers. These heifers present in fresh healthy store condition are a ideal line of VB & GFNA cattle that will not disappoint. Bred from large frame Angus cows have great bone, length and all the potential to target any market put on the right nutrition going forward and not carrying any excess condition will no doubt stack the weight on going forward from what has been a very wet winter & spring. Please note only 1 heifer had old pink eye scaring that I would not deem detrimental, Please refer to photos. A 5% tail was removed at assessment so buy with confidence.
