| Assessor Comments | Buyers an opportunity to buy 2 decks of VGQ light weight PCAS eligible Charolais & Droughtmaster X weaner Bulls. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to two weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. The Winade cattle have a good performance record and will suit to grow out as heavy feeders showing plenty of bone, length and confirmation. Note 2 x family brands in this line. |
