Very well mannered young cattle, extensively handled throughout their lives. Very easy to draft, weigh and photograph. Walked out of the yards and stood quietly in the sunshine. A few heifers were upset in the noisy crush, doing a bit of jumping around. Once exited, recomposed themselves and came straight back to a walk after leaving, most turning around to look back at the crush, non rushing back to the mob.

Assessor Comments

Beautiful natured young females. Tops of their drop and and in perfect order to put out with the bull. Very maternal bodied heifers, with length, spring through the ribs and good width in the pin bones. Exceptionally bred females that will bring some class genetics in to your herd. Out of a Davilak (Mansfield) bred cow, By select Table Top sires. Long, deep, meaty cattle that are bred to perform. Extensively handled their entire lives. Grazed on the roadside with traffic going past, and strip grazed behind a single strand of hot tape without hassle. Buyers please note. 1 steer noted with a small scar, 1 steers with some warts, 2 steers with a small white patch on their flank. None of the above deemed detrimental. Please see photos & video for full contentment.
