Heifers were reasonably good to handle in the yards and crush, just displaying some typical nervous behaviour. But being last to be let out for photos, they were a little bit fractious in the paddock. 2 that wanted to trot the fence a bit, looking at				

their sisters in the distance. They eventually settled and stood for photos. Just wanting a bit more handling as part of a smaller mob.

Assessor Comments

Nice little hobby farmer line of Heifers. Heifers carry the weight to be put out with the bull now if you wanted to go that way. Exceptionally bred females that will bring in some class genetics. Out of a Davilak (Mansfield) bred cow, By select Table Top sires. Goof framed cattle that are bred to perform. Extensively handled their entire lives. Grazed on the roadside with traffic going past, and strip grazed behind a single strand of hot tape without hassle. Please see photos & video for full contentment.
