	Fresh young calves that have had very minimal handling. Very good to handle in the yards, But just a bit fractious in the crush, rocking back and fourth and exhibiting some nervous behaviour, settled very well once back in the mob again. Good to let out in the paddock to take photos of.				
Handled With	Bikes , On foot , Vehicles				

Assessor Comments	Very smart line of super fresh, healthy young calves in a lighter weight bracket. Tops of their drop. Calves are in excellent order, have never seen a set back and have been given the best start possible by their hard working mothers. Plenty of length and shape with good width right through them - between their eyes, shoulders & down to their hips. Out of Large framed stylish Cows. These weaners would suit to grow out and potentially join in the late Autumn, or wean & continue on as a grass fed body. Calves will remain on the cows up until delivery. Buyers please Note. 3 Heifers noted with a white splash on her belly. 1 heifer noted to have white in front of her navel. Please see photos & videos for full contentment.
