	Heifers on inspection were very settled in the yard, showing no reaction to new faces. The cattle haven't been exposed to the yards as much as they normally would leading up to joining due to unseasonably wet conditions. The cattle were still very respectful if needing to be blocked with approximately 7 heifers pushing to some excess in the race.			

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Offering a very good quality lineup of future breeders on account Bowmans Forest Pty Ltd. These heifers are sired by the very best of Alpine Angus and Welcome Swallow bulls with sires regularly purchased between \$10,000 to \$30,000 including sons of A241, Regent, Black Jack, Beastmode and Hector. With a herd focus on ease of handling, fertility and structurally sound cattle, these heifers would normally be retained in the herd, only being offered due to a high heifer retention the last 3 years. They would be a fantastic addition to a well-established or new breeding program and are being offered at the highest recommendation. Please note 1 heifer does display white forward of the udder and 4 heifers displaying old eye scarring. Please note there is an additional lot of 16 heifers being offered.
