	1 Head	Skin peeled on ears

Assessor Comments	Here is a good little line of young to middle aged red crossbred cows PTIC to Golden Arrow Angus Bulls. There is one heifer on her 1st calf and the others are on their 2nd to 4th calving. These cows were good to handle throughout the yards and would be ideal to add to a breeder mob for future breeding. Please note 1 heifer has skin peeled on ears from lantana poisoning in past. She has recovered from this condition
