Vendor Bred Yes

Lifetime Traceable 100% of cattle in this lot are Lifetime Traceable

Bloodlines The Glenaras herd have been bred from high grade quality Charbray & Brangus cows using Bauhinia Park Charolais, Brangus Polls & Angus bulls.

Grazing Conditions A very good stand of fresh Mitchell & native herbages with Buffel grass in the channels. Recent rain in the last 2 & 4 weeks had seen an enormous kick in the winter fattening herbages and grass freshen.
Returned same

Burr/Seed in Coat No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status The owner declares that the cattle have not been treated with HGP at any period of their lives

The steers were very calm onto the scales they then walked through very quietly & out to the side yard - a small number were fidgety in the crush however gave no trouble in the yard or out. Photos of the Char calves were taken in a large cooler - the steers settled well - had an initial excited gallop around however settled quickly. The Black steers in the yard and were very placid when moving amongst them, a naturally quiet disposition.

Assessor Comments Exceptionally good quality steers showing good bone, length, frame and great disposition presenting in strong forward store to fresh condition. Well weaned & educated 1-2 weeks by sale day they are expected to grow well and perform to their potential on good feed. Assessed in two family lots - 59 by Bauhinia Park Angus & poll Char bulls from Charolais & Char/Charbray and a small number of brahman cows and the second are 40 by Bauhinia Park Angus & poll Brangus bulls from Brangus cows - all good soft steers. The Glenaras cows are top quality & large frame. The photos show the mob characteristics. Again these steers are very docile and great to handle - and highly recommended.
