Temperament

Yards	Crush	Paddock
Quiet: 118 head Slightly Stirry: 15 head	Quiet: 90 head Slightly Stirry: 43 head	Temperament not assessed in Paddock

Found to generally be a relaxed mob to handle through race and crush, even though stated a number to be slightly stiry in crush, typical of Northern Bred Brahmans with minimal yard work since weaning , not showing any agression, but were eager to exit crush, once with mob quickly settled, moved through race and crush easily, imagine should become settled with more handling .
