Assessor Comments	They are a very good line of feeder Brahman/Santa X EU ACCREDITED steers that would suit any feedlot or grass finisher. Steers were all mouthed at assessment and are all milk tooths. These present in store condition and will offer any fattener plenty of compensatory weight gains. Past buyers of these cattle have commented that they really do perform very well on grass or grain. The vendors have also had success in carcass competitions recently winning the CQ Carcass Competition Grass Fed Champion, Teys Grasslands Champion and highest Lean Meat Yield Champion.
