	These heifers are a bit runny in the yards and can be a bit stubborn to block but will block and take pressure. In short they are very responsive to the behaviour of the handler. If taken quietly they respond in kind if not then they will respond accordingly. Nothing aggressive at all.

Assessor Comments	Proper quality line of pure Angus X Angus Milwillah blood NSM heifers. These young heifers will suit a number of pursuits. After a short stint on crop they will fit most domestic feed yard specs and will very much suit the grain bin they also carry enough quality and characteristics of the breed to excel as future breeders in any astute Angus herd.
