Very good set of yards and steers flowed through very well. Well handled, very odd steer that wasn't as settled with extra pressure in the round yards. Overall very well handled quiet cattle.

Handled With	Bikes , Horses , On foot
Assessor Comments	A very good line of USDA NOP Organic & EU Angus X steers. A good line of steers ready to take off, all the hard work has been done. Ideal to take through as heavy feeders or fatten for the organic/EU premiums. Lighter end of steers would be out of 1st calf heifers, they are joined a month later than the cow herd.
