Assessor Comments	Buyers on offer are 68 good quality weaned NSM heifers that AVG 245.9kg that are ideal replacement breeders, Heifers are from a very fertile heard of cows and have had many years of breeding behind them. Heifers show good femininity and come with plenty of length and softness, Cattle are very tidy around the heads with a fair percentage being polled. Heifers are also ideal to grow out through to heavier feeder weight or grow out to kill weights at a young age.
