Quality Grades		Store Condition	
Good	85%	Fwd Store	19%
Fair	15%	Store	81%

Temperament

Yards	Crush	Paddock
Quiet: 13 head	Quiet: 11 head	Quiet: 14 head
Slightly Stirry: 3 head	Slightly Stirry: 4 head	Slightly Stirry: 2 head
	Stirry: 1 head	

Heifers demonstrated some nervousness whilst working through the yards, & would be best described as slightly flighty, rather than stirry. Heifers generally took exception to being mouthed whilst standing on the weigh platform, but settled when released from the head bail. Heifers were generally comfortable to work through the yards, with the more nervous heifers looking to run away from you in confined space, rather than at you. Station bred heifers that could be improved with more handling.

Handled With	Bikes , On foot , Vehicles

Notable Traits

	Traits
2 Head	2 calves greyish/brown in the coat
1 Head	slight blue scar in one eye of one calf
3 Head	slight white udders on 3 cows
1 Head	small soft scur on one heifer

Assessor Comments	A nice line of one-mark WATERVALLEY Black Angus bred first-calvers, with Angus calves at foot. These heifers are displaying young, medium frames, having previously come from a very dry pocket of SE South Australia.They are producing a good supply of milk, despite lacking condition, which is nourishing the young calves at foot, which were marked & vaccinated at assessment. Heifers are presenting in store condition & displaying a Wintery coat, with access to only a short pick of feed due to a dry Autumn & cold Winter, however they possess the bone structure, & reputation for 'doing ability' to put considerable weight on quickly with access to more abundant pastures. A great opportunity to secure a good quality line of young breeders, with an even line of young Angus calves at foot. Ideal units to improve quickly by adding weight, & in turn, value, as we move into the warmer months. Vendor is offering another a line of 9 x 9 one-mark, very good quality, Angus first calvers this sale also.
